

Get a Meals-to-You box **delivered**
to your home for free this summer
for each of your kids!

Each box will include:

**5 breakfasts, 5 lunches/suppers, and 5 snacks—
enough food for each kid for a week!**

Even though it's fun to have kids out of school for the summer, it can cause added stress. It takes extra time to shop for groceries and extra money to pay for food because kids aren't getting meals at school.

Meals-to-You CAN HELP, AND IT'S **FREE!**

The USDA supports the National School Lunch Program across the country and wants to continue supporting students when school is out.
